

SATAKE

BRAN FINISHER SBFA

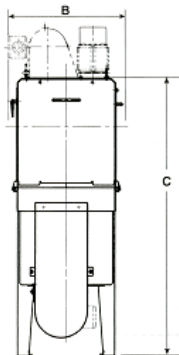

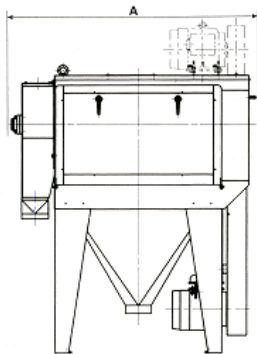

The Satake Bran Finisher SBFA is a compact free standing machine of sanitary construction with good maintenance access. The SBFA effectively cleans the bran, recovering flour which would otherwise be lost and thereby increasing the extraction rate.

SBFA Features:

1. Compact design
2. Low power consumption
3. Steep, self-cleaning outlet hoppers

Options

- Various apertures of sieve mesh
- Alternate motor mounting position Inlet sight glass
- Exhaust adapter

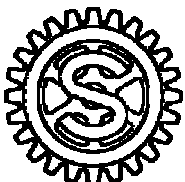

Model	Sieve Size	Power (kW)	Capacity (T/hr)*
SBFA40A	Ø460x900L	3.7	1.0 to 1.3
SBFA55A	Ø460x900L	5.5	1.5 to 1.8
SBFA75A	Ø460x900L	7.5	2.0 to 2.5

*Capacity is dependent upon the application and product quality required

Model	A	B	C	Net weight**
SBFA40A	1385	637	1632	235 kg
SBF55A	1463	637	1632	400 kg
SBFA75A	1463	637	1632	400 kg

Dimensions in mm
**Motor weight is not included

All Satake products are the subject of continuous development and, as a result, their specification may change and differ in detail from that outlined in this leaflet.
