

SATAKE

SEMI-AUTOMATIC PACKER HP15C

The Satake Semi-Automatic Packer HP15C is the compact semi-automatic packer for ready-made individual bags.

A single button operation provides highly accurate electronic weighing.

Features:

- 1) Automatic control by microcomputer
- 2) Simple operation for quantitative setting
- 3) Digital display of weighed value and number of measurements
- 4) Space saving design
- 5) Easy maintenance

Unit:mm

Model	Capacity	Weighing Range	Weighing Accuracy
HP15C	5~6 bags/min	50g-15kg	+/-2g
Power Required	Weighing System	Sealing	Net Weight
AC100V 1-Ph 800W	Load-cell type	Impulse sealing	120 kg

All Satake products are the subject of continuous development and, as a result, their specification may change and differ in detail from that outlined in this leaflet.
